

2021 MARCH 25

Dear Bidder,

Re: Request for Proposals ("RFP") for the Supply of one (1) proton accelerator, either cyclotron or synchrotron, and two (2) 360 degree rotating gantries, capable of Pencil Beam Scanning and Intensity Modulated Proton Therapy

Due to various circumstances and the questions raised, we are currently considering with the Ministry of Health changes in the RFP.

A notice regarding the process shall be issued soon.

We thank you for your patient and understanding.

Regards,

Prof. Ronni Gamzu.

General Manager of the Tel Aviv Sourasky Medical Center
